## **TREATS FOR DOGS – “JUST BECAUSE”**

At Green Acres Kennel Shop we strive to provide you with a large selection of treats for your pets that are nutritious, low in calories, full of wholesome ingredients and of course, absolutely delicious! As discriminating pet guardians ourselves, we are always trying out the latest brands and varieties so stop by the shop to see what's new!

“Just Because” treats are those treats we give to our dogs – just because! They are generally too large or have too many calories to be a practical training treat or are too easily consumed to be a quality chewing treat for a dog.

We have rated the following treats with one star (\*) to four stars (\*\*\*\*) based on 1) quality of ingredients, 2) overall confidence in the company, 3) availability of caloric information, and 4) the experience we and our pets have had with these treats.

Dog obesity is a serious problem and we caution people to use care when selecting any “Just Because” treat. These treats do have calories and they do count towards your dog's daily caloric input. We personally tend to prefer the treats that publish this caloric information and that have smaller sized treats. We also like treats that are easily breakable so that we can limit calories that way.

The following are the brands carried by Green Acres Kennel Shop in our effort to provide your pet with the best nutrition possible, even in a biscuit!

### **The DogHouse Kitchen Organic Treats for Dogs**

Green Acres offers the full line of organic dog treats from The DogHouse Kitchen in Portland. These treats come in four varieties: Spice of Life, I Yam What I Yam, Peanut Butter Lovin', and Reindog Rewards (offered during the holidays only). Each tasty treat is free of wheat, soy and corn and is made from USDA Certified Organic ingredients. These treats looked and smelled so good I had to try them myself. The dogs and I think they are fantastic and we think you and your dog will agree!

### Eagle Holistix

Eagle Holistix biscuits are made with the same concern for quality as the Eagle Holistic Select pet food line. Eagle uses only natural, human grade ingredients and their meats are antibiotic and hormone free. Both varieties of biscuits contain: organic spelt, which is high in fiber, vitamins and essential fatty acids, flaxseed and canola oil for the Omega 3 and Omega 6 fatty acids, prebiotics and probiotics to promote digestion, as well as a variety of fruits and vegetables. These crunchy treats are a favorite amongst both our canine companions and our discerning clients. These treats are available in a 1 lb re-closable bag.

**Innova EVO**

The Innova EVO dog treat is truly unique. Just like the EVO dog food, the treats are high in protein and do not contain any grain. In fact, the EVO treats are the “world’s first baked dog treat made with no grain!” Because of this, EVO treats are a wonderful complement to the EVO dog food or to a raw or homemade diet. Additionally, the EVO treats are perfect for feeding to dogs with food allergies to grains (such as wheat or corn).

But the goodness doesn’t stop there! The ingredients of the EVO dog treats are of exceptional quality. These treats contain high quality turkey and chicken, and whole fruits and vegetables. Each treat includes antioxidant vitamins, linoleic fatty acid and the Omega-3 fatty acid. The biscuits do not have any artificial colors, flavors, or preservatives, and the ingredients are grown without the use of genetic engineering. When you feed your dog an EVO treat, you can be confident that he is getting quality nutrients, not empty calories! The treats are available in a 20 oz. re-closable foil bag.

**Innova HealthBar Baked Treats for Dogs**

Just like their food products for dogs, Innova treats are made with fresh whole ingredients. This is because Innova understands the importance of providing not only food, but also treats that are nutritious and healthy for your pet. The lean turkey and chicken meats used in the HealthBar treats are of the same quality you or I would eat. Whole ground grains also contribute to the nutritional benefits of the baked biscuits. Additionally, these treats contain essential vitamins, chelated minerals, and the Omega 3 & 6 fatty acids. When you feed an Innova HealthBar biscuit, your dog is munching on a scrumptious, nutrient rich treat. The HealthBar treats are available in a 4 lb re-closable bag.

## Mr. Barky's Vegetarian Dog Biscuits

Mr. Barky's biscuits are produced by PetGuard, a company focused on designing natural alternatives for a healthier environment. The recipe was originally a secret that only Mr. Barky himself got to enjoy. But when Mr. Barky passed on, his owner shared the secret recipe with PetGuard. Now dogs everywhere can enjoy the same crunchy, delicious biscuit that Mr. Barky once loved.

The highly digestible treats are made with whole grains and unsaturated fats. They do not contain animal by-products, artificial colors, artificial flavors, added sweeteners, salt, or sugar. The biscuits are available in a 26 oz box.

## Nutro Dog Biscuits

For over 75 years, Nutro has been formulating foods for pets, and the company strives to make quality treats as well. Using only the same natural ingredients found in their foods, Nutro fortifies their biscuits with vitamins and minerals. You will find no by-products or corn in their Max Mini Bones, Natural Choice Tartar Control Biscuits or their Natural Choice Chops. The Natural Choice Chops are created with minimal ingredients to lessen the risk of digestive upset for those pooches with food sensitivities, and the Tartar Control Biscuits are fortified with vitamins A, E, C, K, and B as well as Zinc and Manganese to help promote oral health.

The Max Mini Bones are available in a 23 oz box, the Tartar Control Biscuits are available in either 21 oz or 60 oz boxes and the Natural Choice Chops are available in 23 oz or 60 boxes.

## Solid Gold Biscuits for Dogs

Solid Gold, established in 1974, was one of the first companies in the United States to use natural ingredients in their pet foods and treats. The company takes a holistic approach to the health of pets. Solid Gold treats are a delightful addition to any nutritious diet.

### Dragon's Teeth & Dragonettes

Solid Gold biscuits are designed to help reduce tartar on your dog's teeth. They are made of all natural, quality ingredients. They do not contain wheat, corn, soy, sugar,

preservatives, animal fat, or by-products. The biscuits come in 1 lb plastic jars. There are larger sized biscuits—Dragon's Teeth, or smaller sized biscuits—Dragonettes.

We frequently use these treats as recall rewards for our dogs Tikken and Dulcie and they love them. Interestingly, our cat Batman also seems to enjoy Dragonettes. Batman will wait at the door when the dogs come until he also gets a Dragonette to munch down.

VARIETY	CAL./ TREAT	FIRST FIVE INGREDIENTS	GREEN ACRES RATING
Dragon's Teeth (larger size)	8	Oatmeal, Spelt, Krill, Canola Oil, Flax Meal	****
Dragonette (smaller size)	3	Oatmeal, Spelt, Krill, Canola Oil, Flax Meal	****

### **Solid Gold Garlic Doggie Bagels**

The Solid Gold Garlic Bagels are an all natural, vegetarian treat for dogs. They have an irresistible crunchy texture and a wonderful garlic flavor that dogs and humans love!

This is a great treat but it is large, high in calories, hard, and difficult to break which means that you will probably give it to your dog in its entirety. When using this treat you need to make sure to subtract and equal amount of calories from your dog's diet that day. A 0.9 lb re-closable bag contains approximately 15 bagels.

Garlic Doggie Bagels	120	Malted Barley Flour, Garlic, Niacin, Ferrous Sulfate, Thiamine	***

### **Wysong**

Wysong, the veterinarian owned and run company, is dedicated to providing your pet with the best possible diet when the whole foods provided by nature just aren't an option for feeding. Wysong treats are a crunchy alternative when real bones are not an option.

There are never artificial colors, sugars, or synthetic or chemical taste enhancers in any Wysong product. The Wysong Biscuits are available in a 22 oz pail.

<b>VARIETY</b>	<b>CAL./ TREAT</b>	<b>FIRST FIVE INGREDIENTS</b>	<b>GREEN ACRES RATING</b>
Wysong Biscuits		Ground Corn, Ground Wheat, Poultry Meat and Organs, Molasses, Ground Brown Rice	**
