## **TREATS FOR CATS**

At Green Acres Kennel Shop we strive to provide you with a large selection of treats for your pets that are nutritious, low in calories, full of wholesome ingredients and of course, absolutely delicious! As discriminating pet guardians ourselves, we are always trying out the latest brands and varieties so stop by the shop to see what's new!

We have rated the following treats with one star (\*) to four stars (\*\*\*\*) based on 1) quality of ingredients, 2) overall confidence in the company, 3) availability of caloric information, and 4) the experience we and our pets have had with these treats.

Finding a good cat treat is never easy. Often the healthy ones or the ones we think our cats will like the best are met with disgust. We have found that the treats listed below are ones that most cats enjoy.

### **CANZ Real Meat Jerky Treats for Cats**

Consisting of 95% real meat, CANZ Real Meat treats contain exceedingly more meat than traditional cat treats. All meat sources are free range, farm raised, and natural. There are no fillers, artificial ingredients, or artificial preservatives added to CANZ Real Meat treats.

The enticing smells and mouth-watering flavors make these highly satisfying treats for our feline friends. They are soft and easily broken into little pieces so that you can feel good about rewarding your pets without creating a weight problem.

The six Real Meat flavors are available in 4 oz and 12 oz re-closable bags. Because these treats do not contain artificial preservatives, they should be refrigerated upon opening.
