### Area Businesses

Whenever possible Green Acres tries to purchase needed services and supplies from other local, small businesses. We are also a member of the Paul Bunyan Chapter of Business Networks International, a group of local Business people who meet once a week to work together to help each other build their businesses. Listed below are many of the businesses we work with and recommend, knowing they will provide quality customer service. Where there is more than one business/individual in a category, we have listed them alphabetically.
