

# Learn how your pet can be:

- ↑ Calmer
- ↑ Happier
- ↑ Healthier
- ↑ More  
Confident

## Bach Flower Remedies

These all natural, herbal preparations are used to help balance one's emotional state.

They are effective in treating many behavioral and emotional issues with people and pets; including, but not limited to, fears, phobias, hyperactivity, intolerance, depression and grief.

There are 38 different Bach Flower Remedies, each used for

treating a specific emotional state.

This 1-1/2 day seminar will help you learn more about the behavioral and emotional needs of your pet. We will discuss normal and abnormal behaviors for both dogs and cats as well as teach you how to interpret your pets emotional states.

Each of the 38 Bach Flower Remedies will be reviewed along with their appropriate use with pets and humans. Case studies of pets that have been helped with the Bach Flower Remedies will be examined.

Don Hanson, of Bangor, ME will be your instructor. Don is a Bach Foundation Registered Practitioner (BFRP) animal specialist, Certified Dog Behavior Consultant (CDBC) and Certified Pet Dog Trainer (CPDT). He is currently the only BFRP in North America, to have completed the Bach Foundation's animal specialist program. He has lectured on using the Bach Remedies in Japan, Canada, and throughout the US. Don has

successfully helped several dogs and cats with the Bach Flower Remedies and behavior modification programs.

Don's goal is to teach you how to properly select and use Bach Flower Remedies for use with simple emotional/behavioral issues with your personal pets. For serious behavioral problems such as aggression or separation anxiety, you should contact Don for a private consultation.

### How to Register

Space for the seminar is limited, so advanced registration is recommended. Spaces will be reserved based on the receipt of your complete payment. There is a \$20 discount if you register by October 7th.

You may cancel and receive a full refund of your payment up to 14 days before the day of the seminar.
