[***Bangor***] – Green Acres Kennel Shop will host a free seminar entitled *Promoting Communication with Dogs Through Body Language* on Tuesday evening, April 26th at 6:30PM.

Communication is difficult enough for people, so it is no wonder why we so often misinterpret what our dogs are saying to us and how they perceive our responses. Poor communication between a dog and a person is often a reason for frustration and behavioral outbursts by both parties. It is our mission here at Green Acres to continually help to improve relations between dogs and the humans around them. Certified Professional Dog Trainer, Kate Dutra will help you to become more aware of what your dog is communicating to you or others through the use of its body. Conversely, we will also focus on what your body is saying to your dog. This seminar is for anyone who has a dog in their life and the information presented will be applicable to a variety of interactions with humans as well as other animals.

Seating for this seminar is limited, so call 945-6841 to reserve your spot today. While the seminar is free, donations for the Eastern Area Agency on Aging Furry Friends Food Bank will be appreciated.
